**Junior School Cabinet**

Dear Parents,

**“Leaders aren’t born, they are made. And they are made just like anything else through hard work”**

We are excited to announce the launch of a new initiative at our school – the establishment of a Student Cabinet for our Primary students. This addition complements our existing Student Cabinet for secondary students and marks a significant step in fostering a sense of responsibility and ownership among our younger learners.

The Junior Student Cabinet aims to provide our young students with a platform to voice their ideas, contribute to school decisions, and develop leadership skills from an early age. By participating in this initiative, students will learn the importance of teamwork, accountability, and community service, all while enhancing their confidence and interpersonal skills.

We believe that involving primary students in school governance will not only enrich their educational experience but also instill values of citizenship and collaboration that are essential in their growth. The Student Cabinet will work closely with teachers and school administration to represent the interests of their peers and lead various school projects and activities.

**We are pleased to inform you that only students of Grade V are eligible to partake in this initiative.** The selection criteria for the Student Cabinet are as follows:

**Junior Student Cabinet Selection Process:**

- Self-Nomination
- Personal Interview
- Panel Interview
