7th July 2025

Dear Parents,

Cinema is a mirror by which we often see ourselves...

We are thrilled to share that a **fun-filled movie outing** has been planned for the students of **Grades III to** V - a perfect blend of entertainment and learning beyond the classroom! Cinema provides a unique platform for storytelling, cultural exchange, and social commentary, influencing perspectives and fostering empathy. Watching a movie with friends is always a delightful experience, and we believe this outing will help foster social bonding, relaxation, and shared joy amongst the children. Moreover, after weeks of hard work and academic focus, this will be a refreshing break for them.

The excursion will take place at **Cinepolis, Seasons Mall**, a safe and comfortable venue. All necessary safety protocols will be in place, and each class will be accompanied by their respective teachers to ensure proper supervision at every step.
