

CIR/68/2019-2020

Dated: 12th March, 2020

Dear Parent

Greetings from Amanora School!

In the wake of alarming reports involving NCovid-19 virus, we at Amanora School appeal to all parents to practice good personal hygiene measures to stay safe and healthy. As you are aware NCovid-19 is a large family of viruses that cause illness ranging from common cold to severe respiratory ailments. Standard recommendations to prevent infection spread include -

- regular washing of hands
- covering of nose and mouth while coughing and sneezing
- eating healthy food
- carrying out physical exercises
- getting adequate sleep
- avoid close contact with anyone showing symptoms of respiratory illness
- strict adherence to all Health advisory shared by the concerned State Authority.

In case of any unforeseen eventualities, a congregation of people (during PTM) would be avoided and soft copies of the report card will be shared with you subsequently.

We at Amanora School, strongly advocate that it is prudent to be prepared for any contingencies rather than fire fight. We would like to assure you that under any dire circumstances, if the school were to be shut down for the April session, the school is committed to provide adequate academic support to its students. As of now we are contemplating various means and ways to achieve this target and will be keeping you abreast with the same.

Please note that the School will remain closed for students of grades Nursery to VIII from 15th March, 2020 to 6th April, 2020 as a session break.

Best regards,
For Amanora School
